

Frontiers in Microscopy & Microanalysis

Advances in Imaging & Analytical techniques in Scanning Electron Microscopy

Imaging of Li ion battery cathode active material

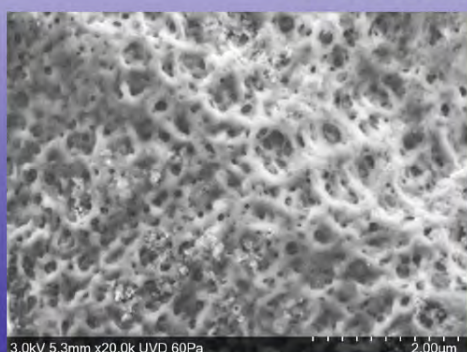

In situ nano-manipulation, electrical and mechanical testing

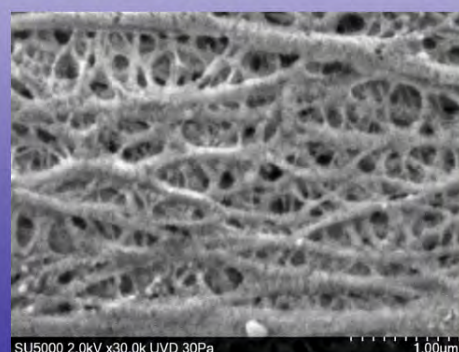

Dr. Patrick Woo
Hitachi High Technology
& NewSpec Pty Ltd
Myrtle Bank SA

The University of Queensland
AIBN #75 Level 1 Seminar Room
27th March 2018 15:00 - 16:00

Polymer Filter – Cellulose Esters
Pore size of <50nm is confirmed

Polymeric Separator in Li battery
