

HELP US HELP YOU

Have you used microscopes at any of these facilities?
If so, please remember to acknowledge Microscopy Australia
in your publications, posters and presentations.

Acknowledgments helps us to make the case for continued investment into microscopy equipment and experts. This allows us to purchase state-of-the-art equipment and develop world-leading techniques which enhance your research.

**Download our logo
at rb.gy/memyxh**

Ask your local facility staff about where to find their preferred acknowledgment.
