

# Impact of COVID-19 on campus, sites and operations: Closure scenarios

The purpose of these scenarios is to assist in mapping the implications for all UQ campus operations if COVID-19 restrictions are tightened. It indicates the situation that is anticipated for Levels 4 and 5 should these be required.

## Guide to Scenarios / Levels

- Level 1** Early February 2020. Initial stage of the crisis, Australian government imposes travel ban on flights from China (early February)
- Level 2** Mid-March 2020. UQ responds to the growing transmission of COVID-19 by imposing a 'pause' on coursework teaching to prepare for effective on-line delivery in anticipation of further restrictions
- Level 3** **Current state** as of 23 March 2020. Campus open to students while programs switch to on-line. Increasing restrictions on services in line with government health guidelines / regulations
- Level 4** Future possible state of lockdown
- Level 5** Future possible state of lockdown

### Impact

	Campus	Teaching	Learning	Research	Professional Services	Staff	Campus Operations and Services	Individual Buildings, Facilities and Sites	Operations and activities of controlled entities and commercial /retailers (except UQ Healthcare which maintains BAU)
<b>Level 1</b>	Open	On campus  Online 'lite' for impacted students	On campus  Online 'lite' for impacted students	Continue as usual	Continue as usual	On campus (unless prevented from attending due to international travel restrictions and direction to self-isolate)	Continue	Open	Continue
<b>Level 2</b>	Open	Dual delivery where practicable and within health guidelines  Intense preparation to move to online delivery	On campus and online	Continue and prepare for Level 4	Continue as usual	On campus  Instructed to trial work from home arrangements 1-2 days a week	Continue but subject to government restrictions	Open	Continue but subject to government restrictions
<b>Level 3</b>	Open [with restrictions]	Online teaching to the extent practicable  Access to campus but limited services	Online only (with some exceptions)  Access to campus but limited services	Continue to the extent practical  On campus limited  Staff/ research students to register intent/need to attend campus in Level 4	Continue but delivery subjected to restrictions on campus/ building access	Staff to work from home (effective 25 March) unless being at work is deemed 'critical to operations' by a supervisor	Continue only if <b>essential</b>  Student services predominantly online	Open only to support operations at Level 3	Limited retail  For other see note below
<b>Level 4</b>	Closed [restricted activities permitted]  UQ to comply with Government direction	Online teaching to the extent practicable  Staff access only on an exceptional basis and <b>registered</b>	Online only  No access to campus	On campus limited to <b>critical</b> research activities  Only staff and research students <b>registered to access campus</b>	Continue but delivery subjected to campus/ building access restrictions	Staff working from home  Only staff <b>registered</b> or authorised allowed to access campus	<b>Critical</b> P&F, HSW (Biosafety) and ITS operations only	Access only to support operations at Level 4	No on campus operations  See note below
<b>Level 5</b>	Suburb/City/ State closed  Government directed lockdown	Online teaching to the extent practicable  No access to campus	Online only  No access to campus	On campus limited to: • vital research resources and infrastructure • COVID-19 activities • other vital research activities approved by DVCR  Only staff/research students who have been registered and authorised to access campus	Continue but delivery subjected to campus/ building access restrictions	Staff working from home  Only staff who are <b>exempt from lockdown directions and authorised to access campus</b>	<b>Critical</b> P&F, HSW (Biosafety) and ITS operations only	Access only to support operations at Level 5	No on campus operations  See note below

Note: on-campus residential colleges/halls of residence, childcare centres and construction sites are exempt from the above and will follow the government guidance and directives, specific for their sector.
